COMPANY PROFILE

Al Madni Textiles is a premier textile manufacturing unit located in the industrial heart of Karachi (SITE). Established with a vision to provide superior fabric solutions, we have evolved into a fully vertically integrated facility. We specialize in the production of high-quality knitted fabrics, home textiles, and ready-made garments.

With decades of experience and state-of-the-art machinery, we bridge the gap between raw cotton and finished fashion, serving both local brands and international markets.

Our journey began in 1996 under the name Mariam Industries, where we built a strong reputation for integrity and quality in the Pakistani textile sector. Today, operating as Al Madni Textiles, we continue that legacy, combining nearly 30 years of industry expertise with modern manufacturing technologies.
